

# DAY-TO-DAY EXPECTATIONS

## Expectations - Rewards and Consequences

- St Leo's expects students to treat all members of our community and the public with respect and kindness. Students are expected to follow the directions of staff to ensure their own safety, wellbeing and learning as well as the safety, wellbeing and learning of others.
- When students meet College expectations, they are making a positive contribution to the St Leo's community and therefore contributing to their own wellbeing, investing in their own learning and enabling the learning of others. When students consistently meet high expectations, this will be recognised and rewarded through the College Merit system.
- When students fail to meet College expectations, this has a negative impact upon the St Leo's community. To support students with making good choices and positive contributions, a range of strategies are in place including restorative conversations, demerits, parent contact and Reflective Growth Interventions (RGIs). These consequences are applied to support students with meeting expectations and allowing them to improve their own wellbeing so that they can learn and grow.
